

## **SUB-PROCESSORS** for UK SMTP Email Services

York UK Hosting uses certain sub-processors to assist in providing SMTP email services. A sub-processor is a third-party data processor engaged by York UK Hosting who agrees to receive personal data from York UK Hosting intended for processing activities to be carried out:

1. on behalf of York UK Hosting customers;
2. in accordance with customer instructions as communicated by York UK Hosting; and
3. in accordance with the terms of a written contract between York UK Hosting and the sub-processor.
